

## Caring Above and Beyond

The care and service we provide at Villa Pines is guided by five core values: hospitality, stewardship, integrity, respect and humor, resulting in a vibrant care community focused on the dignity, rights and individual capacity of each person.

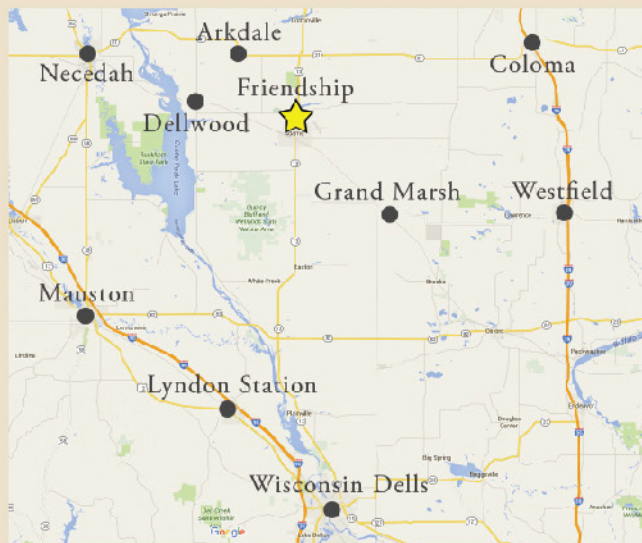

Residents come to us at challenging times in their lives — following surgery or an extended hospital treatment, or after events have altered their lives at home. We understand the personal impact caused by significant life and health changes and are committed to care that makes our residents feel reassured and fulfilled.

**INTEGRITY**  
**HOSPITALITY** **STEWARDSHIP**  
**HUMOR** **RESPECT**

## Conveniently Located

# Villa Pines Living Center

Villa Pines Living Center is a vibrant care community focused on the individual needs of our residents. We exhibit respect and compassion to our residents and each other. It is our pleasure to make your stay at Villa Pines comfortable, convenient and enjoyable.

## Focused Rehab Services

With patients recovering from orthopedic surgery and other major medical procedures, post-operative care and rehabilitative therapy are a fact of life. That's why there is focused rehab at Villa Pines Living Center.

At Villa Pines, the patients work with therapists in a comfortable, hometown setting. From physical, occupational and speech therapy, our therapists will work closely with the patient to develop a rehabilitative care program tailored to meet their specific needs. Whether the goal is to return home safely and independently or live a fully enriched life here at Villa Pines, the rehabilitation team will do all that is possible to help each person meet their individual goals.

## Skilled Nursing Care

Skilled nursing care at Villa Pines offers around-the-clock care for persons who require the services of professional nursing staff or are unable to live independently.

Our staff includes registered and licensed nurses, as well as certified nursing assistants, working as a team to provide the highest quality clinical and personal care. Our skilled services include a wide range of treatment possibilities, including medically-complex scenarios for residents requiring services such as pain management, wound care, diabetes management and oxygen therapy.

Residents additionally enjoy a rich and varied activity program and dietician supervised meals.
